No. 4308-5094-M-XIII

GOVERNMENT OF THE CENTRAL PROVINCES AND BERAR

LOCAL SELF-GOVERNMENT DEPARTMENT

Nagpur, the 24th June 1940.

READ—

(1) Annual reports of the municipal committees of the Central Provinces and Berar for the year ending the 31st March 1939.

(2) Divisional reviews on the above.

READ ALSO—

(3) The consolidated report of the Examiner of Local Fund Accounts for the year 1938-39.

RESOLUTION

Constitution.—The number of municipalities remained the same as in the previous year, *i.e.*, 79. General elections were held in 40 municipalities. The Buldana municipal committee was dissolved for its failure to pay loan instalments. The Mowad and Jalgaon municipalities continued to be under an officer-in-charge throughout the year, while the period of dissolution of the Pandhurna municipality ended in December 1938. The Nagpur municipality was the scene of several stormy meetings, the party in opposition making it impossible for the president to carry on. In order to ensure smooth administration of the municipal affairs Government exempted the municipality from the provisions of section 22 (2) and (3) of the Municipalities Act to enable the removal of office-bearers by a bare instead of the usual two-thirds majority. Ultimately the office-bearers were removed from office and new ones were elected. Matters came to a head in the Jubbulpore municipal committee with the result that the committee had to be dissolved shortly after the close of the year.

2. **Disposal of Business.**—Twenty-two (10) municipal committees failed to hold the prescribed number of meetings. Government draws the attention of all municipalities to the fact that this number has been steadily increasing during the past few years, the number of such committees in 1934-35 being only four. In the Chhattisgarh division not a single committee held the prescribed number of meetings. The total number of meetings convened fell to 2,239 (2,250). Of these, 404 (429) proved abortive and 633 (561) were adjourned. The average

attendance was 59 (58). In the Hinganghat municipality, 52 committee meetings were called of which 17 were adjourned for want of quorum and 27 were otherwise postponed so that business was transacted at only 8 meetings. This is a particularly bad case, but it shows how lightly some municipal committees take their civic responsibilities. The average attendance in this committee was only 35 (72). In Berar, the Amraoti Town municipality continues to hold the record for the number of abortive meetings. No use was made by municipalities of section 22 (2) (*a*) of the Municipalities Act for getting rid of habitual absentees. The Commissioner, Nagpur, reiterates the recommendation of his predecessor for amending the Act so as to transfer the initiative in this respect from the committees to Government.

3. **Legislation, Rules and Byelaws.**—No legislation was undertaken during the year. As usual several municipalities framed byelaws on various subjects. Audit has revealed that in some committees byelaws framed by them have been totally lost sight of, resulting not infrequently in loss of revenue. Government would ask all committees to examine their byelaws carefully and to take necessary steps for their proper enforcement. Committees should take advantage of this process of overhaul and replace old and out-of-date byelaws by the new model sets published by Government.

4. **General Financial Results.**—The total income of the committees, excluding opening balance and debt heads, rose to Rs. 71.28 (Rs. 70.86) lakhs. The increase occurred under all heads except "Municipal rates and taxes" and "Realization under Special Acts". The ratio of direct to indirect taxation remains the same as in the previous year, *i.e.*, 44 : 56. The average incidence of direct taxation per head of population was Rs. 1-7-10. The total expenditure, excluding the extraordinary and debt heads, increased to Rs. 76.74 (Rs. 72.44) lakhs. The increase is shared by "Public Health and Convenience" and "Public Instruction". The closing balance increased to Rs. 13.20 (Rs. 9.17) lakhs.

The financial position of several municipalities continued to be bad and in Berar as many as 18 municipalities out of 29 were unable to pay their staff regularly. The deterioration in Berar is attributed by the Commissioner not only to general economic depression accentuated by a comparatively poor cotton season but also to the "inevitable effect of election on the collection of taxes".

5. **Octroi and Terminal Tax.**—The number of municipal committees levying octroi was the same as in the preceding year, *i.e.*, 16. The total income amounted to Rs. 8.88 (Rs. 8.60) lakhs, having risen in nine and fallen in seven committees. The number of municipal committees levying terminal tax remained the same as in the preceding year, *i.e.*, 32. The income was Rs. 14.89 (Rs. 15.52) lakhs. There was increase in 11 municipalities and decrease in 21. In Kamptee, the octroi income is shared between the Cantonment Board and the municipality in the proportion of 45 : 55, but payments of the Board's shares were so irregular that action under section 55 (1) of the Municipalities Act had to be

taken against the committee. The octroi income in Chanda improved as a result of the stern action taken by the Deputy Commissioner in prosecuting defaulters and exposing the defects of octroi administration. The Raipur municipality showed a large increase in its octroi income owing to inclusion of Phaphadih and Gudhiyari in the octroi cordon.

6. **House and Haisiyat Taxes.**—The number of committees levying these taxes remained the same as in the previous year, *i.e.*, 58. The total income decreased to Rs. 3.20 (Rs. 3.51) lakhs. In the Nagpur division, there was a fall in income in three municipalities, but the Saoner municipality continued to exhibit an excellent standard of collection. In the Jubbulpore division, where only haisiyat tax is levied and not house tax, income decreased in all except five municipalities. The Dhamtari municipality suspended recovery of haisiyat tax with a view to its ultimate abolition against the advice of Government, but the committee was dissolved and the officer-in-charge has since revived the tax and made the necessary assessment. In the Berar division, income fell heavily in Puṣad, Darwha, Nandura, Murtizapur and Amraoti Camp.

7. **Collection of Taxes.**—Only the municipal committee, Seoni-Malwa, recovered its full demand. The municipal committee, Gondia, collected 94 per cent while the municipal committees, Bhandara, Pachmarhi and Saoner, and the civil station sub-committee, Nagpur, collected 90 per cent each. On the other hand, the collections were as low as 30 per cent, 29 per cent, 24 per cent and 30 per cent in Pulgaon, Deori, Khurai and Amraoti Town, respectively.

None of the municipalities in the province except Seoni-Malwa attained the standard of 95 per cent prescribed by Government. The Amraoti Town municipality had arrears equal to twice the annual demand. Municipal members are themselves often in arrears of taxes as reported by the Examiner of Local Fund Accounts and in Khapa as many as twelve members were guilty of this unpardonable default. The slackness in collections is all the more deplorable because every one of the municipal reports complains of inadequate provision of civic amenities and ascribes it to paucity of funds. The remedy lies in the committees' own hands, if only they would have the courage to set up a high standard of collection of taxes, which though causing unpopularity in the beginning must in the long run raise them in the estimation of the rate-payers as efficient units of Local Government. If collections improve wherever committees have been dissolved and officers-in-charge have been appointed, it is clear that the defect lies not with the economic condition of the people, but with the will of those in authority. Government hopes that in this matter the tax-payers will genuinely co-operate with the municipal executives in furtherance of the common objective.

8. **Lighting.**—The expenditure on lighting was Rs. 5.54 (Rs. 5.57) lakhs. Electric lighting was available in 22 (19) towns. The works at Malkapur have been completed since the close of the year. Construction of works at Itarsi and Shegaon has commenced since the close of the year. Applications for licences for

Bhandara and Kamptee have been received and are under consideration. Proposals for the electrification of Drug, Damoh, Dhamtari, Pulgaon, Pusad, Wun, Murtizapur, Ellichpur and Betul are being investigated by prospective licensees. No municipal committee has so far imposed a lighting tax, although there is no reason why this source of augmenting income should remain untapped.

9. **Water-supply.**—The income from water-rates decreased to Rs. 8.51 (8.64) and the expenditure on water-supply increased to Rs. 11.94 (5.89) lakhs, the increase being almost wholly due to the receipt by the Nagpur municipality of a loan instalment of Rs. 7,00,000 for the Kanhan water-works. The municipal committee failed to grapple with this important scheme because of its unbusinesslike and dilatory methods with the consequence that the completion of the scheme has been delayed by over a year, adding enormously to the cost of the works and aggravating the water-supply problem of the city of Nagpur. Government had to take over the execution of the works in its own hands to ensure supply of water to the town as expeditiously as possible. For Jubbulpore, a scheme for water-supply from the Gour river at an estimated cost of Rs. 10 lakhs is under preparation. The water provided by the Raipur water-works in the rains is reported to be grossly polluted and unpotable, and though the committee has been dissolved the Commissioner apprehends that within the short time available the officer-in-charge cannot be expected to effect radical improvement.

10. **Drainage.**—The expenditure on drainage slightly increased to Rs. 2.34 (Rs. 2.24) lakhs, but it is hardly necessary to point out that most of the smaller towns continue to be without drainage arrangements worth the name and even a town of the size and importance of Raipur has only a very poor drainage system. The Bilaspur municipality is preparing plans and estimates for a drainage scheme. The Tumsar municipality intends to improve its existing drains and in Damoh the construction of pucca drains has commenced. In Nagpur, the problem of drainage has assumed increased urgency and importance in view of the anticipated completion of the Kanhan works at an early date. Government is actively examining this question with a view to finding out the most satisfactory, practicable solution

11. **Conservancy.**—The income and expenditure under this head were Rs. 8.08 (Rs. 7.86) lakhs and Rs. 11.67 (Rs. 11.82) lakhs, respectively. The actual income from the latrine tax was Rs. 7.73 (Rs. 7.46) lakhs. Except in two municipalities in the Nagpur division, eight in the Jubbulpore division and five in the Chhattisgarh division the expenditure on conservancy exceeded the receipts therefrom while in Berar in only four municipalities the income was not sufficient to cover the expenditure on private latrines. Government has repeatedly impressed on the committees the soundness of a self-supporting conservancy service and is, therefore, disappointed that there should still be so many bodies having an ill-balanced conservancy system. The only logical conclusion emerging from this reluctance to make the service self-supporting is that committees which do not help themselves deserve no help from Government.

12. **Hospitals, Dispensaries and Public Health**.—The number of dispensaries under the control of municipal committees was 52 as in the previous year. The number of indoor and outdoor patients was 25,464 (13,608) and 2,468,161 (1,766,403), respectively. The total expenditure on all municipal hospitals and dispensaries decreased to Rs. 2.12 (Rs. 2.42) lakhs. During the year cholera broke out in several towns notably in the towns of the Chhindwara district and in Jubbulpore, Saugor, Khurai, Mandla, Harda, Seoni-Malwa, Itarsi, Hoshangabad, Bhandara, Gondia and Pauni. Vigorous steps were taken everywhere to combat the epidemic. There are four child welfare centres each in the Nagpur civil station and city areas. The centres at Chanda and Saoner continued to do good work. In the Jubbulpore division, 16 centres were in existence and in the Chhattisgarh division there were either child welfare centres or midwives in all municipalities except Pauni. In some towns, especially in Berar, Government noticed unwillingness on the part of committees to pay the customary grants to the dispensaries, thereby causing no small embarrassment to the institutions concerned. Some of these committees appear to labour under the erroneous impression that it is primarily the business of Government to provide for medical relief and public health in their areas. The correct position, of course, is that medical relief and public health are responsibilities laid upon all municipalities by law, and that Government can, at the most, render only auxiliary support. Government therefore hopes that municipal committees will adopt a more reasonable and realistic attitude towards medical and public health institutions within their jurisdiction.

13. **Roads**.—The income from tax on animals and vehicles and from tolls on roads and ferries amounted to Rs. 2.20 (Rs. 2.44) lakhs while the expenditure on roads was Rs. 2.83 (Rs. 3.15) lakhs. There was no improvement in the condition of roads in spite of the adverse remarks contained in last year's resolution. On the contrary, the decrease in expenditure unfortunately indicates a growing indifference towards the maintenance of roads.

14. **Markets**.—The income from market dues and fees amounted to Rs. 5.63 (Rs. 5.71) lakhs and the expenditure to Rs. 0.98 (Rs. 1.58) lakhs. Government regrets to observe that municipalities continue to curtail their expenditure on the provision of amenities in markets from which they derive such large income.

15. **Education**.—The expenditure on education rose to Rs. 18 (Rs. 17.41) lakhs, and accounted for 21 (21) per cent of the total expenditure (including debt heads). Owing to financial stringency, Government was obliged to continue the 9 per cent cut in the education grants. There was an increase in the number of primary schools from 577 to 581. The number of boys and girls on the rolls increased from 83,750 to 87,061, but the percentage of attendance declined from 85 to 84. There was no noticeable extension of compulsory education during the year. The Seoni and Pandhurna municipalities contemplated introduction of compulsory education but were unable to do so for want of funds. The schemes prepared for Khurai and Kareliganj have not yet been sanctioned. The Mandla municipality

has made special arrangement for education of Bhumijans by providing free books, free tuition and free lodgings in a hostel and the enterprise is proving popular. Only a few municipalities such as Burhanpur and Bina maintain separate schools for Harijans while elsewhere they attend classes side by side with the boys of caste Hindus. The Saugor and Khamgaon municipalities maintain carpentry schools, the Damoh municipality intends to open carpentry and smithy classes and in Khandwa Government has recently sanctioned an aided industrial school.

16. **Closing Balance.**—It is disappointing to find that the number of municipal committees which failed to prescribe the minimum closing balance at the end of the year rose from 26 to 30, thus affording further proof of the growing deterioration of municipal finances. The unpunctual and irregular payment of staff, to be found in so many committees, is a direct consequence of the working balance falling below the minimum balance. The only cure for this state of affairs is augmenting income on the one hand and improving collection of the assessed taxes on the other.

17. **Audit.**—No appreciable improvement was noticed in respect of the following items to which the audit report draws special attention :—

(i) prompt disposal of audit notes and ready adoption of the suggestions made therein;

(ii) prompt recovery of municipal dues and having resort to coercive processes against defaulting not excluding municipal members;

(iii) embezzlements and frauds in respect of collections and arrears;

(iv) non-acceptance of lowest tenders;

(v) adequate supervision over the administration of public funds; and

(vi) strict observance of rules, byelaws and standing orders for safeguarding the municipal revenues.

It is disheartening to find that the majority of municipalities in this province do not yet realise the importance of setting right irregularities without any delay in spite of the fact that the principal defects of their financial administration are being pointed out to them by the auditors and by the local officers year after year. One of the worst instances was the Jubbulpore municipality which had 234 undisposed of objections dating back to 1926-27. This municipality has now been dissolved and the officer-in-charge should make vigorous efforts to remove all audit objections so that the new committee when reconstituted might start with a clean slate. In Itarsi, two defalcations were detected and two municipal employees were convicted under section 409 of Indian Penal Code. There were no other prosecutions for embezzlement, misappropriation, etc.

18. **Notified Area Committees.**—The number of notified area committees remained the same as in the previous year, *i.e.*, 20. General elections were held in 12 committees and were keenly contested.

The income and expenditure rose to Rs. 2.58 (Rs. 2.53) and Rs. 2.77 (Rs. 2.47) lakhs, respectively. The affairs of the Sindi committee are in disorder. Its staff is not paid regularly, provident fund subscriptions and contribution are not properly credited, disposal of audit objections leaves much to be desired and the finances are poor. In Kota not a single ordinary meeting of the committee was held.

19. **General**.—The record of municipal administration during the year makes dismal reading. With very few exceptions the unsatisfactory financial condition prevents municipalities from providing anything more than a primitive form of municipal service for the rate-payers. Notable amongst the exceptions is the Drug municipality which has by sound management built up a reserve of Rs. 2½ lakhs, which it intends to utilise in providing water-works for the town, and Seoni-Malwa which collected cent per cent of the demand of taxes. An unpleasant feature of the year was the increasing number of cases in which Government had to resort to the disciplinary provisions of the Municipalities Act. Besides a number of cases where Government had to intervene under section 55 of Municipalities Act to procure execution of specific duties, such as payment of staff, enforcement of provident fund and pension contributions and compliance with the orders of Government in disciplinary cases against municipal servants, three municipalities, *viz.*, Buldana, Pauni and Dhamtari, had to be dissolved as their affairs had deteriorated to such an extent that their continuance was undesirable in the interests of the citizens. The recent legislation abolishing nominations, providing for direct election of the president and introducing adult franchise are a further step towards democratisation of the structure of local self-government. Government hopes that the new committees elected on a wider franchise and guided by their popularly elected presidents will go a long way in improving the state of civic administration. What is needed simultaneously with this alteration in the law of Local Self-Government is the realisation by the voters of their own power to bring pressure to bear on their elected representatives and by the members of the committees that while their function is to lay down the lines of policy to be followed during their term of office, the day-to-day administration must be left to the municipal executive.

Relations between Government officers and municipal and notified area committees remained, on the whole, cordial. Government acknowledges with thanks the good work done by those office-bearers and members of the municipal and notified area committees who often at great personal inconvenience have given of their best to the service of their fellow citizens. Government also desires to convey to the Commissioners, Deputy Commissioners, and officers of other departments its appreciation of the ready help and advice given by them to the municipal committees whenever required.

Government would have wished to issue this resolution earlier, but could not do so owing to the late receipt of replies from many municipal committees. The last report was received

from the Nagpur municipal committee so late as the 11th May 1940, *i.e.*, nine and a half months after the date fixed. Government cannot deprecate such delays too strongly and hopes that the office-bearers and executives of municipal committees will in future strive for absolute punctuality in this matter.

ORDER.—Ordered that copies of the resolution be forwarded to the Commissioner and Deputy Commissioners for information and guidance, and that it be translated and circulated (through Deputy Commissioners) for the information and guidance of all municipal committees.

Ordered also that the resolution be published in Part I of the *Central Provinces and Berar Gazette*.

By order of the Governor,
Central Provinces & Berar,

C C. DESAI,
Secy. to Govt., C. P. & Berar,
Local Self-Government Department.

of the Government officer throughout the whole year.

ABSTRACT OF STATEMENT No. 1

Number of municipalities under the Central Provinces Municipalities Act, and the Act as applied to Berar.		79
Population within municipal limits	..	14,50,863
Particulars as to chairman—	..	
Elected non-officials	..	77
Nominated non-officials	..	..
Nominated officials	..	1
Number of towns for which the municipal committees are appointed—		
By election only	..	..
Partly by election and partly by nomination	..	78
By nomination only	..	1
Aggregate members of municipal committees—		
Ex officio members	101	1,377
Nominated members	222	
Elected members	858	
Selected members	196	
Of the above—		
Officials	..	14
Non-officials	..	1,363
Europeans	..	13
Indians	..	1,364
Total number of meetings held	..	2,339
Number of meetings out of the above which proved abortive for want of a quorum.		404
Number of meetings out of the above which were adjourned	..	633
Average percentage of officials present at each meeting	..	38
Do. do. non-officials do.	..	59
Do. do. all members do.	..	59
